

**SABRIN CAMPAIGN FILES PETITIONS TO CHALLENGE MENENDEZ;
WILL GIVE VOTERS A CHOICE FOR PEACE, LIBERTY, PROSPERITY**

For Immediate Release: June 5, 2018 press@sabrinforsenate.com

Libertarian Party candidate for the U.S. Senate and Ramapo College finance professor Murray Sabrin announced today that volunteers throughout the state have collected nearly double (1575) the signatures needed to appear on the ballot in November. The ballot petitions were delivered Monday morning to the Division on Elections.

Recent polling shows that 46% of voters are undecided in the U.S. Senate race, setting up a three-way race between Sabrin, incumbent Bob Menendez and the Republican challenger. Voters have told petitioners that they are fed up with both major political parties who have driven the national debt to \$21 trillion, given us endless wars since the collapse of the Soviet Union and support spying of U.S. citizens.

Sabrin's proposal to give taxpayers a 100% tax credit for charitable contributions so nonprofits and houses of worship can help individuals and families become financially independent is resonating with voters across the political spectrum. The Fort Lee's resident message of Peace, Liberty, Prosperity is in sharp contrast to the tax and spend, borrow, print money, and wage endless war policies of the Democrats and Republicans.
